JERATHEL CZERNY

Front End Developer

PROFESSIONAL SUMMARY

Front End Web Developer with 3+ years of experience building responsive, mobile-first web applications using React, JavaScript, HTML5, CSS3, and WordPress/PHP. Passionate about crafting fast, accessible, user-focused websites that follow modern web standards and best practices. Experienced in collaborating with designers and project managers in agency-style workflows, maintaining existing websites, and building scalable front-end architectures with clean, efficient code.

EMPLOYMENT HISTORY

FRONT END DEVELOPER **2022 - Present**
Independent / Project-Based

- Developed React interfaces and API integrations that reduced page load times and improved data accuracy.
- Built reusable component library to accelerate feature delivery and simplify cross-team maintenance.
- Implemented automated testing and CI/CD pipelines to increase deployment reliability and shorten release cycles.
- Collaborated with stakeholders to translate requirements into secure, scalable web solutions with measurable business impact.

REACT DEVELOPER **Mar 2023 - Aug 2024**
Ali Tech Solutions ***Remote***

- Developed multi-tier API services to integrate large datasets, improving data availability for web apps.
- Built React-based interfaces that improved user task completion rates and responsiveness.
- Designed and deployed scalable backend components that increased throughput with measurable results.
- Collaborated with cross-functional teams to deliver client-specific web applications on schedule.

EDUCATION

DATA SCIENCE **Jan 2025 - Aug 2025**
Arizona State University Digital Immersion ***Online***

SOFTWARE ENGINEERING **Apr 2019 - Jan 2023**
Southern New Hampshire University ***Online***

SKILLS

JavaScript, React, HTML5, CSS3, Mobile-First Design, Responsive Design, WordPress, PHP, Accessibility, Cross-Browser Compatibility, Performance Optimization, Component-Based Architecture, Git, Agile Workflows, Gulp, Grunt, Java, Postman, Figma,

ADDITIONAL INFORMATION

AGENCY STUDIO WEBSITE
Custom WordPress Theme

Designed and developed a fully custom WordPress theme from scratch using PHP. Implemented custom post types, reusable template components inspired by React, and focused on performance, accessibility, and SEO. Delivered a responsive, agency-quality website without page builders.

ROSATHEL SUITES
React Web Applications

Built multiple React applications emphasizing component reusability, clean state management, responsive UI design, performance optimization, and cross-browser compatibility.
